Raleigh Social News

[Special to The Times-Dispatch.] Raleigh, N. C., April 1.—Mrs. Herbert E. Norris was hostess Friday afternoon for the Twentieth Century

year ago this whiter it, covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time: Every morning there would be nearly a dust-panful of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of whiter my skin commenced cracking open, I tried everything, almost, that could be thought of, without any rehef. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. — treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, beloss my ribs, arms, hands, limbs; fest badly gwollen; toe-nails came off; finger-nails dead and hard as a bone, nair deed, dry and lifeless as old straw. O my God! how I did suffer.

'My sixter, Mr. E. H. Davin, had a small part of a box of Cuticura in the house. She wouldn't give up; said. We will try Cuticura. Some was applied on one hand and arm. Eurekal thore was relief; stopped the terrible burning sensition from the word go. They immediately got Cuticura Resolvent three times a day after menhs had a bath once a day, water shout blood heat used Cuticura Boap freely; applied Cuticura Ointment and Soap. I commenced by taking one tablespoonful of Cuticura Resolvent three times a day after menhs had a bath once a day, water shout blood heat used Cuticura Boap freely; applied Cuticura Ointment Honriling and evening. Result; returned to my home in lust six weeks from the time I left, and my skin as smooth as this sheet of paper. Hiram E. Carpenter, Henderson, N. Y.

'We hereby certify that we are acqualanted with the aforesaid Hiram E. Carpenter, and know his condition to have been as stated. We believe his statement to be true in every particular." L. B. Simmo

out Europe, and the falling of a teacup makes the nations jump."

The United States, however, with the ability to put 16,000,000 of fighting men into the field, and with a navy that has not so far met with a single reverse, can take care of itself in spite of Coionel Poosevelt's follies. The shameful injustice of promoting Dr. Wood over the heads of more than 400 graduates of West Point, the "greatest school in the world," as the London Times has called it did immense harm to the army.

It did not, however, rob a single West Point graduate of the scientific and military training to which every West Pointer is compelled to devote four strenuous years, and to which Gen-eral Wood devoted four months with an obstreperous lieutenant-colonel as his instructor. These follies are expensive to the people. General Wood conducted a series of "alleged manoeuvers" in the summer of 1999 which cost the country \$1,000,000, and caused the trained officers of the army to go about the trained officers of the army to go about the country \$1,000,000. with their heads hanging down with combined rage and shame and amuse-

. The trouble with Colonel Rocsevelt is, the absence of a sense of humor, but these (rightful jokes which he unconsciously perpetrates, like forcing Russia's hand and playing Japan's game and making an estimable doctor the commanding officer of some-thing over 80,000 men, are not merely costly to the tax payer; they are costly to the credit and prestige stood President Roosevelt on his head

Hope For Consumptives

We have a message of cheer for consumptives and lung sufferers — many of whom may have given up hope of ever being well and happy again. Look, listen and learn—this testimony should stir you into action. A Physician Tells How Consumption May Be Cured J. A. Ward, M. D., Will-ing To Make Oath

those who fear the approach of Consumption. It can be truthfully said that Alcsol (Lloyd), for the cure and prevention of Consumption, is the most wonderful compound of the presentage."

Gentlemen:—

Had you spent \$25,000.00 in advertising your remedy to the people for the benefit of consumption and all the chronic lung troubles, instead of distributing it among physicians who put samples in out-of-the-way places and perhaps never think of them again, you would now, in all probability, have a paying trade, while many poor victims of the White Plague that are now in their graves would be well and attending to business.

I believe you have one of the best remedies ever offered to the people. I believe it to be a general reconstructor of tissue and indicated in all cases where a reconstructor is called for. I have used Aicsol (Lloyd) for nearly five years, and know what I am talking about.

Once the remedy becomes generally known there will be but little trouble disposing of it.

You can use my name in any way you see fit inadvertising, as I have said nothing in regard to the matter to which I will not be willing to make oath where such course is necessary.

Very respectfully.

I.A. WARD, M. D.

Troy, Mo., July 22, 1968.

To Whom It May Concern:—
This is to show that I have used A ICSOL (Lloyd), a medicine made and sold by LLOYD CHEMICAL CORP., of St. Louis, Mo., on one case of pulmonary consumption, on a lady in Kentucky, who was 47 years of age, and she recovered, and is now well and performing her ordinary duties and household work as of yore; is a gratified and sound woman. The above case was far advanced in the second stage; night sweats, daily chills, hectic flush, and in the stage of menopause, which is one of the most critical periods in woman's life.

I believe it will cure nine out of ten cases for which it is made, thereby saving and prolonging life, bringing bealth, happiness and saving immense suffering and in the aggregate, worry and thousands and millions of money. I heartily recommend AICSOL (Lloyd) to all interested and suffering with any forms of consumption, and give permission to use my name in placing AICSOL (Lloyd) before the public.

Very respectfully.

Very respectfully. G. W HOLT, M. D.

cral Wood's name was up for confirmation in the Senate, Colonel Roosevelt, then President coublished a withhold dispatch from the Philippines and any many connecting that General Wood had that day killed 366 Moros in a pitched buttle—a record which probably celipsed anything he had ever done in that line as a doctor. The country laughed; it should have, through its Senators, stood President Roosevelt on his bead.

East Saugus, Mass. Troy, Mo., July 22, 1968.

Troy, Mo., July 22, 1968.

McLeansboro, III.

We consider Aicsol (Lloyd) the greatest treatment of the century—entirely different from any other treatment now in extended as a continuous startling addition to medical science since Jenner isolated vaccine virus.

Listen and be convinced. Many patients begin its use when suffering from weakness, blood-spitting, pus filled sputum, night sweats, chilis, fever, constipantion, loss of fleesh, painful lungs, distressing cough, wasted bodies, loss of hope and strength, full of sweats, chilis, fever, constipantion, loss of fleesh, painful lungs, distressing cough, wasted bodies, loss of hope and strength, full of despair. Aren't these terribly true symptoms of dreaded consumption?

When these same patients, after a few months' use of Ajcsol (Lloyd), report that they ARE CURED, strong, able to work, anything he had ever done in that line as a doctor. The country laughed; it should have, through its Senators, stood President Roosevelt on his bead.

A Physician Cures His Wife of Consumption Gentlemen:-"My wife was down with Consumption, when I ordered a bottle of Aicsol (Lloyd). She was very weak from night sweats, cough, and in a feverish condition. I noticed a change for the better after ten days' treatment, and from that time on up to three months, when the cure was completed. Aicsol (Lloyd) kills the Tubercle Bacillus in the blood and tissue, and it is the only remedy so far discovered that will do this. It is a preventative as well as a cure. It should be used by those who are run down, or
